Frontend: React, React Router, Tailwind CSS, Responsive Web Design, Component-Based UI

Development: Reusable Components, State/Props, Dynamic Routing, Product Filtering, Forms, UI/UX Implementation

Tools & Deployment: Vite, Git, GitHub, Netlify, VS Code

Web Development: E-commerce Interfaces, Business Websites, Landing Pages, Mobile-First Development, Basic SEO

Additional: Graphics Design, Data Entry, Social Media, Client Communication

PROJECT EXPERIENCE

Anib Soles — React Fashion E-commerce Website

Portfolio Project | Live Demo: anibsoles.netlify.app

- Developed a responsive fashion e-commerce frontend using React, JavaScript, Tailwind CSS, Vite and React Router.
- Built reusable components for navigation, hero sections, category cards, featured products and product displays.
- Implemented dynamic category and product-detail routes using React Router and URL parameters.
- Implemented product browsing features including category filtering, search, product details, ratings, sizes, stock information and image galleries.
- Built cart functionality and customer contact/WhatsApp-oriented ordering flows for a realistic small-business use case.
- Improved mobile responsiveness across navigation, product pages, contact pages and shopping interfaces.
- Deployed the application to Netlify and used Git/GitHub for source-code management.

PROFESSIONAL EXPERIENCE

Hielitetechnology — Web Designer / Graphics / Data Entry / Social Media

2018 - 2024 | Nigeria

- Designed and maintained web and digital content according to business requirements.
- Created graphics and visual assets for digital communication and social media campaigns.
- Performed data entry and digital administrative tasks with attention to accuracy and consistency.
- Supported social media activities and online business presence.
- Worked across multiple digital responsibilities, adapting deliverables to client and business needs.
